Ethics Statement

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Over fifty years of professional experience as a writer, actor and director in theatre and film industry. Served on drama and theatre panels for the London arts council. Served on the Dance panel of Greater London arts. Director of the Shaw Theatre in London. Directed of three international festivals. Former member of the Orange County Art Commission. Wrote and performed in plays locally. Currently a performer, and screenwriter. Latest release out this year is "Gilpin" a film about the actor to first play Emperor Jones on Broadway, About the perform at the Oslo Impro festival with my company Paul and Ian's One Man show,

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

Throughout my career as an Arts practitioner I have a vast amount of experience of writing grants and budget proposals. I am very active in the approach to finding new performance spaces, both formal and new/unusual venues. A major feature of my career in the Arts is as an advocate for the under-served communities. I am not afraid to take on established and reactionary forces who want to keep the Arts safe and bourgeois.

Question applies to multiple boards

How do you describe your previous advisory board experience?

☒ Non-Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

As a recent resident to Chapel Hill, I seek to increase my involvement in the community. This is consistent with my previous forty-year residency in the Champaign-Urbana Illinois region. I have experience in real estate, privately-owned business, health care (Dr. of Optometry), and education. I consider myself a lifelong learner and am always interested in diverse points of view and problem solving.

James F. Faron

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I have moved from a community similar to Chapel Hill in terms of a recognized university (University of Illinois) and a diverse population base. I have served on a number of Boards, including the Champaign-Urbana Mass Transit District, Champaign-Urbana Symphony, and the Champaign County Mental Health Board. I practiced for thirty-three years as an Optometrist in a large multi-specialty practice in Urbana, Illinois, served as an administrator/counselor in Greenville, South Carolina public schools, and am currently still a property owner in Illinois. All of these experiences have put me in a position to deal with various people and viewpoints and to work collaboratively in a group setting.

Question applies to Planning Commission

Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.

I feel that I have skills and experiences that lend themselves to membership on the Planning Commission. Until recently, I owned 300 moderately priced rental units in Champaign, Illinois and personally managed all facets of my business. With regard to transportation, I served on the Board of the Champaign-Urbana Mass Transit District, with a 55 million dollar budget, 250 employees, and a monthly ridership of over one million passengers. Within these business and public spheres, I had involvement with city government, schools, not-for-profit organizations, and legal entities. I feel this breadth of expertise would serve me well in the work of the Planning Commission.

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am a long-time walker, runner, and cyclist. I have also studied urban economics for over a decade and real estate for almost two decades. My experience living in different cities has exposed to a variety of ways of organizing roads and greenways to ensure a safe and healthy experience for cyclists while minimizing the disruption to motorists. I have taught graduate and undergraduate courses in real estate finance and real estate capital markets. I've also taught introductory real estate. I'm thus familiar with the planning process but would love to learn more in person.

Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.

Yes, I'm a professor in the Finance department at the University of North Carolina, Chapel Hill. I have published research on housing and urban economics. Please see attached CV. My experience cycling and running in several different cities has also given me insight into the best ways to organize bicycle routes and greenways.

Ethics Statement

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Question applies to multiple boards

How do you describe your previous advisory board experience?

☒ Little or No Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I've had diverse educational experiences (homeschooling through high school, attending community college through dual enrollment in 12th grade, earning an Associate degree at the same college, and now attending UNC-Chapel Hill while living off-campus), through which I have met a diverse group of amazing people. Because of this, I am respectful/understanding of differing perspectives and, thus, often approach challenges with the goal of compromise in mind. I was a part of the student government at Durham Tech, so I have come to highly value team cooperation. Ultimately, I view most things through a social lens; I care a lot about people and their well-being. Contributing to my community, be that the college/university I attend, the church I attended with my family growing up, or the town I live in, is of huge importance to me. If this can be done through social engagement with people in some way, I am all the happier. Finally, while it might go without saying, I bring a youthful, student perspective that, while undoubtedly more present in a university town than elsewhere, is likely something that could be beneficial.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

Through serving as the 2019-2020 President of Durham Tech's Student Government Association and, subsequently, serving on the search committee tasked with vetting and recommending candidates for Durham Tech's then-next college President, my strengths regarding communication are contributing to discussions with my own ideas, civilly communicating disagreements with people, and building on other's ideas. Through participating in Durham Tech's Honors Program and currently participating in UNC-Chapel Hill's Political Science Honors Program, my strengths regarding work ethic are dedication, patience, and constructing thoughtful ideas/arriving at positions analytically and after careful consideration.

Question applies to Board of Adjustment

Do you have special interest, experience, or education/training in city planning or related fields? If yes, please explain.

My closest experiences to city planning are as follows. While President of the Student Government, I got to take part in many Board of Trustee committee meetings which dealt with the creation of the new applied tech building. Later, I attended the groundbreaking ceremony for the new building with the rest of the Board of Trustees. Also while I was President of the Student Government, I was invited to be a delegate at the Big Bold Ideas Community Convention, where I and many other community leaders from around Orange County discussed and sorted several hundred ideas that had been submitted. Ultimately, three outstanding ideas were selected for community implementation in 2020 and beyond: creating a youth masterplan, prioritizing workforce development and an innovation hub, and developing substantially more affordable housing.

EXPERIENCE

Durham Tech Student Government Association, Durham NC — *President*

April 2019 - May 2020

I chaired Executive Board and General Business meetings, met regularly with college administration, gave speeches on a number of different occasions, and represented the college at various events. The primary achievements of the Executive Board during my time in office included expanding representation of secondary campus students in the Student Government Association and opening up voting for Executive Board members during SGA elections to the entire student body.

Durham Tech Presidential Search Committee, Durham NC — *Student Representative*

October 2019 - May 2020

I served as a voting member of the committee, sorting through and weighing the pros and cons of many applicants, alongside engaging in spirited discussions with the rest of the committee.

Durham Tech Board of Trustees, Durham NC — *Student Trustee*

June 2019 - June 2020

I served as an ex officio member of the Board, speaking on behalf of the student body during decision-making processes.

EDUCATION

University of North Carolina at Chapel Hill, Chapel Hill NC — *Bachelor of the Arts Degree in Political Science*

August 2020 - Present

I am currently in the process of obtaining this degree.

Durham Technical Community College, Durham NC — *Associate in Arts Degree (Cum Laude)*

August 2017 - May 2020

My first year at Durham Tech was during my senior year of high school as a dual enrollment student. I then took classes for two more years to obtain my associate degree.

A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

Before retiring, I worked as a Managing Director on JP Morgan's securitized products trading desks in New York, San Francisco and Los Angeles. I now study languages at UNC as we restore our home on Tenney Circle. I bring an interest in the welfare of my community, a mind that's open to the ideas of others, a willingness to learn, an ability to solve problems, and collegiality.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I have degrees from Penn, Wharton and Stanford Graduate School of Business. I speak Spanish fluently after studying/working in Spain and South America.

Question applies to multiple boards

How do you describe your previous advisory board experience?

☒ Non-Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I am a bank regulatory lawyer with fourteen years combined experience in public service (as a regulator) and private practice. As such, I have a background in developing, interpreting, and administering technical regulations. I also bring the perspective of a citizen who has lived in Chapel Hill for five years, is raising young kids here, and frequently gets around Town via bicycle (after bicycle commuting for years in Washington, DC). Least interestingly, I have actually studied multiple Traffic Impact Analyses commissioned by the Town. Over the past several years, I have attended several meetings of the Town Council, advisory commissions, and neighborhood groups to understand and participate as a citizen in certain land use decisions affecting my neighborhood and the larger community. This has increased my interest in contributing to town governance. I generally approach questions of growth, development, and transportation planning from a pragmatic perspective and focus on thoroughly analyzing the facts and trade-offs involved in each case.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

In addition to the qualifications described above, I am experienced in the research and development of policies and rules affecting multiple stakeholders, and in public speaking. For example, during my time as a federal bank regulator, I represented my agency in a multi-year rulemaking project involving seven other agencies. As a bank regulatory consultant and project lead, one of my core responsibilities has been to conduct working meetings involving – and present information to – diverse stakeholders, from junior-level financial institution employees to executives. I believe this background in negotiation and communication will be useful in the context of a public advisory commission.

Question applies to Planning Commission

Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.

As mentioned above, I have a legal/regulatory background. I am not a technical specialist in the fields mentioned; my experience in these areas has been as a citizen observer of Town processes over the past several years. This has kindled my interest in becoming more involved. I work only part-time and have the capacity to get up to speed on the issues and context.

Question applies to multiple boards

How do you describe your previous advisory board experience?

☒ Chapel Hill Board Experience

What perspective(s) do you bring to the board(s), commission(s), committee(s) or task force(s) to which you are applying?

I have several primary interests in serving on the planning commission. 1) I am a five year resident of Chapel Hill and my time in the town has provided my family and I with a high quality of life. I see service on the commission as a way of saying thank you to the town, which has given us so much. 2) I am interested in the status of affordable housing in Chapel Hill. This concern is directly, linked to my first point. I would like to examine the opportunities to provide a high quality of life to individuals that have traditionally been unable to find housing in Chapel Hill due to limited housing stock and a somewhat high cost of living. 3) Finally and somewhat paradoxically, I am interested in maintaining the small town aesthetic of Chapel Hill while expanding that accessibility to more people. My time on the board has also led to a greater interest in examining the tension between expanding housing options (especially affordable housing) and addressing climate change at the local level.

Please provide a brief summary of any other relevant qualifications (skills, abilities, interests and/or experience) you bring.

I have served on the Planning Commission for approximately 4 years. Over this time I have learned about the responsibilities of the commission and it's role in town governance. I would like to continue to serve to make use of this experience in service to the town and to learn more. Additionally, I am interested in continuing my participation in the processes involved in rewriting the town's LUMO. Specifically, I am focused on the inclusion of underrepresented voices in this process. I also believe that my professional experience with examining environmental justice issues, and the inclusion of minority populations in the management of risky environmental issues provides useful insights into many of the issues that face the commission. Furthermore, this professional experience would facilitate my role as the Environmental Stewardship Advisory Board Champion.

Question applies to Planning Commission

Do you have special interest, experience, or education/training in city planning, design field, environment, housing, transportation or related fields? If yes, please explain.

I have a PhD in natural resources, with a focus on risk perception and decision making from a cognitive psychology theoretical perspective. My current research agenda focuses on the greater inclusion of the core principles of environmental justice (recognition justice, procedural justice and distributional justice) in environmental policy and decision making processes at the local, state and federal level. I currently serve on the U.S. EPA Office of Research and Development (ORD) Board of Scientific Counselors (BOSC) Subcommittee (SC) for the Air and Energy (A-E) Research Program.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. In addition, members of the Historic District Commission and Board of Adjustment, when these boards are hearing cases, serve as quasi-judicial bodies. Pursuant to State Statute 106A-388(e)(2), members of these boards “shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons’ constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.”

Any member who violates these Ethics Guidelines may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Work Experience

Abt Associates (2010 - present)

Project Director, Evaluation of Bloomberg Philanthropies' Innovation Team Initiative (2016 - present). Abt Associates is working with Bloomberg Philanthropies to assess the impact of their Innovation Team (i-team) initiative. The i-team initiative provides grants to U.S. and Israeli cities to hire expert, in-house consultants to help address longstanding challenges affecting local governments and community residents. The Abt team is evaluating the impact of the i-teams on how cities address complex challenges and the extent to which i-teams contribute to a culture of innovation in their host cities. Responsibilities have included overall project management, including development of the evaluation's research design, development of surveys and interview protocols, leading site visits, authoring reports, managing client relations, and overseeing project quality, budget, and schedule. (Client: Bloomberg Philanthropies)

Technical Assistance Provider, Affirmatively Furthering Fair Housing Training and Guidance (2015 - present). Abt Associates, in partnership with Enterprise Community Partners, is the primary provider of training and

technical assistance to recipients of federal funds that are required to submit an Assessment of Fair Housing (AFH) to HUD. The AFH is a data-driven approach to understanding and removing barriers to fair housing choice and improving access to opportunity for members of protected class groups. Responsibilities have included development of training materials to orient governments and public housing authorities to the requirements and goals of the fair housing rule released by HUD in 2015, presenting at AFH group trainings across the U.S., and leading one-on-one technical assistance engagements to aid individual communities in preparing and submitting their AFH. (Client: U.S. Department of Housing and Urban Development)

Technical Assistance Provider, Online Resource Development for the Community Development Block Grant Program (2013 - present). As a member of a technical assistance team with expertise in community development and housing strategies for local governments, develops digital technical assistance products and materials for HUD's OneCPD model in order to build the capacity of community development organizations that receive CPD funds. Regularly collaborates with HUD on content development and creative techniques for conveying information, and managers Abt's creative staff throughout product development. (Client: U.S. Department of Housing and Urban Development)

Task Lead, Evaluation of the Transitional Living Program (2015-present). Under contract with the U.S. Department of Health and Human Services, Abt Associates is evaluating the Transitional Living Program. The program provides supervised shelter and services to older homeless youth (ages 16-22). The shelter can take several forms—including group homes, host family homes, and supervised apartments—and the program provides an array of services to improve youth housing, education, employment, social, and emotional outcomes. The evaluation includes site visits to TLP programs nationwide to describe program models and a randomized control trial to measure program impacts. The impact analysis will randomly assign 1,250 youth to treatment and control groups and will focus on key youth outcomes related to youth safety, permanent connections, self-sufficiency, and well-being. Responsible for developing survey instruments and monitoring random assignment and data collection. (Client: U.S. Department of Health and Human Services)

Task Lead, The Pre-Purchase Homeownership Counseling Demonstration and Impact Evaluation. (2013-present). The Pre-Purchase Homeownership Counseling Demonstration and Impact Evaluation is examining the impact that different types of pre-purchase counseling have on mortgage preparedness, homeowner outcomes, and loan performance for

prospective low-to moderate income, first time FHA homebuyers. Specifically, this evaluation will determine the impact of two different pre-purchase and counseling interventions through a randomized experimental design. The study has recruited approximately 6,000 individuals in 28 jurisdictions across the country who have pre-qualified for a home loan. Responsibilities include data collection, tracking remote treatment study participants, report writing, and serving as liaison to counseling agencies participating in the study. (Client: U.S. Department of Housing and Urban Development)

Senior Analyst, Evaluation of the Strong Cities, Strong Communities Initiative (SC2) (2012-2014). The Strong Cities, Strong Communities Initiative (SC2) is a White House sponsored effort focused on encouraging the economic stabilization and recovery in six economically distressed cities in the U.S. Abt is evaluating a core component of the SC2, the Community Solutions Teams (CST). The CSTs are teams of agency staff from across the federal government working to improve how between federal and local government systems interact, increasing the coordination of federal resources, and assisting local leaders and institutions with economic development. Responsibilities included leading site visits, conducting cross-site analysis, and authoring the final report. (Client: U.S. Department of Health and Human Services.)

Senior Analyst, Neighborhood Stabilization Program (NSP) Tracking Panel (2012-2014). This study evaluates the impacts of the second round of the Neighborhood Stabilization Program (NSP2). The project involves (1) an implementation assessment of NSP2 grantees; (2) a descriptive analysis of neighborhood outcomes over time; (3) an impact analysis of the effectiveness of NSP2 activities on neighborhood stability outcomes; and (4) a cross-site analysis of the factors that moderate NSP2 effectiveness. (Client: U.S. Department of Housing and Urban Development, Office of Policy Development and Research.) Responsible for leading site visits and property-level data collection across 19 jurisdictions. (Client: U.S. Department of Housing and Urban Development)

Senior Analyst, Cities of Service Evaluation (2012-2013). Abt conducted a six month outcomes and process study of the Cities of Service Leadership Grants program, jointly funded by Bloomberg Philanthropies and the Rockefeller Foundation. The study documented the outcomes achieved by 20 leadership grantee cities and identified factors contributing to strong outcomes and other lessons learned. (Client: Bloomberg Philanthropies.)

Senior Analyst, Office of University Partnerships University Program Evaluation (2010-2012). In collaboration with Econometrica and ACKCO,

Abt Associates completed the first outcomes evaluation of the HUD's Office of University Partnerships (OUP) university programs. The evaluation assessed the projects undertaken, the outcomes of those projects on the participating universities and the populations and communities they serve, and the effects partnership structure, grant purpose and program design on outcomes. The study featured telephone interviews with a representative sample of OUP grantees, site visits to nine grantees, and analysis of OUP administrative data. (Client: U.S. Department of Housing and Urban Development).

Senior Analyst, Evaluation of the Sustainable Employment in a Green Economy (SEGUE) Initiative (2012). Abt Associates received a grant from the Rockefeller Foundation to conduct a six-month developmental evaluation to assess the relevance, efficiency, and effectiveness of the Foundation's SEGUE initiative. The Foundation seeks assistance in refining the definition of the original problem, developing a theory of change, testing the potential for innovative interventions, engaging a broad range of stakeholders, and shaping a longer-term strategy for the initiative, currently in the "Development" stage. Responsibilities involve developing a Theory of Change framework to document previous tacit assumptions about how change will occur, and leading a collaborative approach to articulate, document and provide feedback about the learning gained from SEGUE's development phase. This process will inform decision making about the future of the initiative, and those aspects of the initiative that are most relevant and have the most potential and viability for carrying forward or adapting into the "Execution" stage. (Client: The Rockefeller Foundation)

Senior Analyst, Case Studies to Illustrate CNCS' Four Strategic Priorities and the Return on Investment in National Service (2010-present). Abt is developing case studies of CNCS grantees that illustrate CNCS's four strategic priorities and six focus areas. The grantees selected for the case studies are to be representative of the CNCS's portfolio of programs (AmeriCorps, Senior Corps, Learn and Serve America). Associated tasks include the development of case studies using the Harvard Business School case study method to describe one or a combination of CNCS grantees and their processes and outcomes in relation to the CNCS's four Strategic Priorities and six Focus Areas, and the development of preliminary return-on-investment (ROI) analyses for programs based on information acquired during those case studies.

Senior Analyst, Office of University Partnerships University Program Evaluation (2010-present). In collaboration with Econometrica and ACKCO, Abt Associates is completing the first outcomes evaluation of the HUD's Office of University Partnerships (OUP) university programs. Using a mixed-methods approach to data collection, the evaluation will assess projects undertaken, the outcomes of those projects on the participating universities

and the populations and communities they serve, and the effects partnership structure, grant purpose and program design have on accomplished outcomes. Our research design relies heavily on telephone interviews with a representative sample of OUP grantees, and site visits to nine grantees in order to provide a deeper understanding of both the effects of OUP-funded projects on their sponsor institution and the surrounding community, and the nature of partnerships formed over the course of the project. (Client: U.S. Department of Housing and Urban Development).

Senior Analyst, Homelessness Pulse Project (2010). This project collects data on sheltered homeless persons on a quarterly basis from a sample of communities nationwide. The data include quarterly point-in-time counts of shelter users and counts of the newly homeless. The data are used to describe current trends in shelter use and assess the potential impacts of the economic and foreclosure crisis on homelessness. (Client: U.S. Department of Housing and Urban Development).

Senior Analyst, Serve America Act Evaluation Plan (2010). The Serve America Act requires a significant number of changes in programs and regulations, authorizes significant expansion of the Corporation for National and Community Service's core programs, and includes several new initiatives. This project involves assisting CNCS in developing and implementing the research and evaluation requirements of the Serve America Act, including organizing and analyzing public input on the agency's new strategic plan, gathered from a series of public dialogues and webinars. The analysis will result in production of a public report that reflects the breadth and depth of public comment across all six CNCS focus areas. Responsibilities including analytic coding of qualitative data and report writing. (Client: Corporation for National and Community Service)

Southern Growth Policies Board (2007-2010)

Senior Policy Analyst for a regional public policy think tank charged with promoting economic growth and enhancing quality of life in thirteen southern states.

- Initiated the development of a publicly-available databank of southern economic, demographic, and social trends and statistics
- Originated a new research focus on the role geography plays in economic development problems and solutions
- Participated in the writing and editing of annual reports, policy briefs, guidebooks, and grants
- Participated in analyses of economic and community development policies and practices

- Prepared data presentations and maps for publication and online distribution
- Worked with a team to introduce new-media communication strategies to broaden the organization's reach and effectiveness

SJF Advisory Services (2007-2007)

Research assistant for short-term assignment promoting the expansion of social entrepreneurship in Appalachia. Co-authored a summary report of findings and resource guide from a series of interviews with technical assistance providers in nine states

Center for Urban and Regional Studies (2005-2007)

Research assistant for study examining home rehabilitation and energy usage patterns in impoverished neighborhoods. Managed the distribution and collection of survey instruments, and created and maintained a database management system for data collection.

North Carolina Metropolitan Coalition (2005-2005)

Research assistant for academic credit in the Department of City and Regional Planning at UNC Chapel Hill. Co-authored *The State of North Carolina Urban Distressed Communities*. The report, an analysis of urban and rural poverty in North Carolina, was distributed to the North Carolina General Assembly and was instrumental in the inclusion of Urban Progress Zones in the 2006 renewal of the William S. Lee Tax Act.

Math/Science Equity Project (2002-2003)

Research assistant for a study examining racial disparities in the academic trajectories of high school students in the Charlotte-Mecklenburg school system.

- Prepared an in-depth analysis comparing factors commonly seen as affecting the race gap among middle-class students, including residential segregation, student anti-achievement attitudes, teacher expectations, and school effects
- Conducted field interviews with students, parents, teachers, counselors, and school administrators
- Participated in coding and qualitative analysis of interview data
